## SRP 2025

The Summer Reading Program continues for youth!

Three types of reading logs allow kids of various ages to keep track of their reading. Kids can return their reading logs for prizes from Drury Lane Books, ice cream from Superior Creamery of DQ, or treats from Java Moose.

## Programming in July

Fun for all ages with Dinosaurs with the MN Science Museum and a Haiku Workshop with award-winning children's book author Sandra Hisakuni.

Another award-winning author, Brian Malloy, continues his Writer in Residence series with a workshop on writing "Funny Stuff."
